The Following Information is Required for a Quotation:

- Scaleable Floor Plans with Room Dimensions (If reduced, plans must be dimensioned)**
- Optional, but helpful:**
 - Cross Section(s) Showing Construction Materials and R-values**
 - Elevation(s) Showing Exterior Features and Ground Levels**
- Label Ceiling Heights for Each Room (Include Cathedral Ceilings)**
- Label North on Plans**
- Label Mechanical Room on Plans**
- Include Dimensions for All Windows & Doors**
- Label Zones on Print or List of Rooms in Each Zone**
- For Radiant Heat Only: Pls Indicate Type of Floor Covering & Thickness in each Room**

Provide R Values or Descriptions of the Structure's Building Components:

Component	R-Value	Description
Walls		Exterior Insulation Type & Thickness: Siding Material:
Foundation		Foundation Material: Foundation Insulation Type & Thickness:
Roof		Roof Insulation Type & Thickness: Roof Color:
Floor		Insultation Type & Thickness Between Floors:
Slab		Insultation Type & Thickness Under Slab:
Windows		Single / Double / Triple Pane Storm / No Storm Low E Wood / Metal Frame
Glass Doors		Single / Double / Triple Pane Storm / No Storm Low E Wood / Metal Frame
Other Doors		Storm / No Storm Wood / Metal Core Insulation:

Type of Quote Requested:

- Forced Air
- Radiant Floor
- Boiler
- Geothermal
- Domestic Hot Water
- Traditional Cooling
- High Velocity Cooling
- Heat Air Quality (HRV)

Would you like us to install?

Yes Gould Well Drilling Assisted

No

Expected Installation Date:

Please Complete Applicable Sections Below:

HRV: (Heat Recovery Ventilator)

Function: Air exchange or Moisture exhaust

Master Controller: Yes / No

If yes, Where? (Usually in Kitchen)

Number of 15 minute timers (choose one):

1 2 3 4

Radiant Floor Heat:

- Under-floor
- Over-Floor
- Thin Underlayment
- In-Slab

If more than one is used, please label plans or list rooms under each floor-type

Hot Water Source :

- Geothermal

Reminder: Please Indicate Requested Radiant Zones on Floor Plan.

Forced Air:

of Zones: _____

CFM Load: _____

Geothermal:

Available Area for Geo Loops on Property:

Distance from Mech Rm to Loop Field:

Ground Loop

Vertical or Horizontal Loop Field?

Soil Type(s):

Is There Exposed Rock?:

Water Loop

Size & Depth of Pond?

Open or Closed Loop?

Domestic Hot Water:

Type(s) of Tub(s) and Volume of Each:

Type of Fuel for DHW:

- Geo DSH

Type(s) of Shower Head(s) and Output of Each:

Large Volume Appliances and Output of Each:

Cooling:

Is There Shading? If Yes, Indicate Percentage: 55%, 65%, 75%, 85%, or 100%

- Trees (_____% shaded)
- Porch or Roof Overhang (_____% shaded)
- Blinds, Drapes, etc. (_____% shaded)

Please Indicate Shaded Areas on Plans.
