

VT LAB ID # VT4100
NH ELAP ID # 2983
US EPA LAB ID # VT00977

GWDI Laboratory is the newest Drinking Water testing facility in Vermont's Northeast Kingdom.

Whether you're in Real Estate, Home Inspection, Engineering, Food Service, Plumbing or many other fields, you can use our services!

We are a small lab that offers **certified results "IN HOUSE"** for **Total Coliform and *E. coli*** in a Presence-Absence format, but we will sub-contract other testing out to larger laboratories that we utilize.

Sample kits are available for pickup at our lab, or with arrangement can be shipped to you.

We accept samples through drop-off, USPS to our PO Box or UPS and FedEx. **You** are responsible for having good sampling technique and to get the samples here within **24 hours**, so please plan accordingly and take samples as late as you can before shipment.

Don't cause your sample to get rejected!

Bacteria Sample Testing costs are:

- \$25.00 each for 24-hour**
(Delivered by Thurs 3:00pm)
- \$35.00 for 18-hour rush testing.**
(Delivered by Thurs 3:00pm)
- Friday testing available upon approval and costs \$60.00.**
(AFTER Thurs 3:00pm)
- Payment expected with the sample.**

No samples will be accepted the day before a holiday unless arrangements have been made and there are additional charges.

We offer **testing twice daily (10:00 am and 3:00 pm)**. Hours of operation are **Monday through Friday 8:00 am to 4:00 pm**. Samples arriving after 3:00 pm will run the next morning unless it is an emergency.

Once the results are analyzed, we will mail the report within a few days time. **Phone notification** will be made if you request **OR** if a sample fails to meet the drinking water standard.

Express notification by Fax or E-mail is available at no extra charge.

Our sample collection rate is \$50.00 within a 20 mile radius of Lyndonville, \$75.00 beyond. **All sample collection will be offered upon availability, please call.**

Other Testing Available:

These tests are performed at either Endyne Laboratory or the VT Dept. of Health Lab and are usually reported within 14 to 24 days time depending upon the test.

The tests listed below are common and will be charged at the price listed, additional sample collection rate applies if we have to come gather the sample. Prices include shipping and handling.
